PLATO-MP SERIES

PLATO MP of coarse grinder for the preparation of spectrometric samples with double platens and vacuum cleaner

The double platens version is required when a preliminary grinding is needed or to avoid contamination of the specimen, in case of different material processing.

MODEL NO.	M-P300M
No. of Platen	2
Platen Diameter	Ø300mm
Machine Size (WxDxH)	760x410x920mm
Power Supply	AC220V-1Ø
Motor Power	1 / 2HP x 2
Fixed Speed	1500rpm
